

The St. Clair Hotel Late Arrival Information

The front desk (reception) is always staffed 24 hours. If you have not arrived by 4 pm, the debit or credit card on file may be charged for the first night's room and tax, but there is no additional charge for late arrival. If your reservation is not guaranteed, or if the hotel is unable to charge the card on file for the first night of your stay, your reservation will be cancelled. Paid reservations will remain in place until 12 noon of the following day; you must inform us if you expect to arrive after 12 noon on the following day or your reservation for the remaining nights will be cancelled. Requests to reinstate cancelled reservations are subject to availability; the original rate and/or room type may not be available. Thank you for choosing The St. Clair Hotel.
