

## **The St. Clair Hotel “Room with a View” Information**

We will do our best to honor your request, but please note that the "view" from even the uppermost floors is often obscured by the taller buildings nearby. Lake Michigan is not visible from any room, and only a small portion of Michigan Avenue can be seen from some rooms. For an unforgettable view of the city, we suggest Skydeck Chicago at the Willis Tower (<http://theskydeck.com>) and/or 360chicago ([www.360chicago.com](http://www.360chicago.com)) in the 875 North Michigan Avenue building. Thank you for choosing The St. Clair Hotel.
